NO. 9

COLUMBUS, GA., Y. M. C. A. TEAM CAPTURED HARD FOUGHT GAME

Columbus defeated Auburn by one goal in a well contested game. The two seem to be evenly matched, but Columbus had the advantage of being on their home field. By actual measurement the Columbus field is 42 feet long by 38 feet wide, and besides the smallness of the court, a running track surrounds it. Auburn played at a disadvantage because of these facts, and would undoubtedly have shown better form on a larger field. The Auburn boys played the best they knew how but several bad passes and costly fumbles lost the game for them. The game was very exciting throughout because of the closeness of the score. Columbus lead off in the scoring by making a goal within three minutes after Coach Donahue sounded his whistle, but very shortly Columbus fouled, and Gibson broke the goose egg by pitching a clean foul goal. Woodruff got busy on next toss up and made a pretty goal in a very short time. From this stage on it was nip and tuck between the teams. The first half ended with a score of 11 to 8 in favor of Auburn.

At second half call Coach Donahue sent the same team in to play the game out. Auburn now showed good form by playing Columbus off their feet, scoring several times. Gradually Columbus caught Auburn, and at the end of the game the score was 16 to 16. Just as the whistle blew for end of game Columbus fouled. The end of the game did not effect the decision of the foul. Here is where Auburn lost the best chance to win the game. Should Gibson make the foul goal the game would be Auburn's by 17 to 16. Alas! the foul goal was missed. The teams proceeded to play the tie off. To win the game one team had to make two points before the other. Great excitement reigned at this stage. Everybody rooted good and hard, but Columbus, Ga., slipped a goal in to Auburn's chagrin, thereby winning the game.

The boys took the defeat like men, and vowed revenge on the next team to play us.

For Columbus H. Peacock and Key played the best games. Peacock scored four and Key one of their goals. C. Peacock, a guard, also scored two goals. He had eight free throws at the goal because of fouls, but failed to make a one.

For Auburn Woodruff gets the honor of making the majority of goals. He made four good ones. Ware at center played an excellent game, but had a streak of bad luck. He made one good goal from field. Gibson came in second on scoring, making two goals from field and pitching two foul goals out of five chances. "Bill" Lacey, at guard, was there too; he played an excellent game. His man

made only one goal. Capt. Jones played his usual strong game, but was at a disadvantage because of illness and lack of practice.

The Columbus boys are a well balanced, clean cut set of players and play well together. They displayed good team work at several stages of the game.

Key at center showed a bad temper several times, but acted the gentleman after the game by expressing sorrow for his actions. Coach Donahue and Umpire Dowd, of Columbus, are to be congratulated for their endeavors to see that a clean game was played.

After the game it was discovered that the score keeper, or some one else, had failed to score Auburn a goal made by Ware while being fouled by Key. This goal should have counted three points, and had it been entered on score book Auburn would have won by 19 to 16, but through a misunderstanding it was not. This was not discovered until after the game stands 18 to 16 in favor of Columbus.

Line Up.

Auburn—Ware, c; Woodruff, rf; Gibson, lf; Lacey, lg; Jones (Capt.), rg.

Columbus—Key, c; H. Peacock, rf; Captain, lf; Massey, lg; C. Peacock, rg.

Auburn substitutes—Whitaker, Hall, Hardie, Moore, Craker.

Officials—Referee, Donahue, Umpire, Dowd; Score Keeper, Craker; Time Keeper, Hall.

CLASS FOOTBALL

Seniors go down to Defeat Before the Rushes of the Husky Freshmen by the Score of 18 to 0—Game Was Slow.

The first of the series of football games for class supremacy was pulled off on last Saturday between the Seniors and Freshmen. The crowd witnessing the game was a great deal smaller than it should have been, and the proper spirit of enthusiasm was not shown except on very few instances during the game. The students often times crowded on the field and several times the progress of the game was hindered on this account. Stricter measures will be resorted to at next Saturday's game, however, and the spectators will have to stand back of the sidelines. The Freshman team was confident of winning the game but not too confident to play a winning game of football, as was shown in five minutes after the first kickoff. Now the Seniors shouldn't have a grudge against the "Freshies" just because they "licked" us. They beat

(Continued on page three.)

THE RULES COMMITTEE.

After the session of the National Intercollegiate Football Rules Committee in New York, Jan. 27, the following new rules were announced, which, it is expected, will go far to eliminate the brutal element in the game:

Striking with the fist, elbow, knee, or deliberately kicking an opponent, shall be punishable by disqualification for the remainder of the game, and the offender shall lose one half the distance to its own goal line.

If a player is disqualified twice in a season, he is debarred from playing football for one year from date of second offense.

For unnecessary roughness, as striking the man running with the ball, in the face with the hand, meeting with the knee, piling up, striking with locked hands by linemen in breaking through, tripping tackling runner when out of bounds, and all unnecessary roughness, the penalty is fifteen yards.

Unsportsmanlike conduct including the use of abusive or insulting language to a player, or official, punished by suspension for the remainder of the day.

Holding for unlawful obstruction is defined so as to include grappling the opponent with the hands; placing hands on opponent to push him away from player.

Further discussion of the definition of holding was postponed till the next meeting, which takes place this week.

It was decided to have two umpires, except in small games.

To make the game more open, it was decided that any man back of the snapperback or center can make a forward pass provided it does not extend beyond the line of scrimmage, and he may also pass to a man in the line after the ball is put in play.

Six men must always be on line of scrimmage, the five center men must always be on the line, except that one may drop back five yards or more, another taking his place on the rush line.

On defense, not more than six men may be on line of scrimmage; the others shall be behind the linemen and inside the ends.

There shall be no tackling below the knees except by men on line of scrimmage on defense, except that the two men on the ends cannot tackle below the knees.

Hurdling in the line is prohibited. The ten yard rule was passed but no action was taken as to the number of downs required.

W. WATSON DAVIS.

One of the most prominent articles in the February Review of Reviews is: "How Galveston Secured Protection Against the Sea," by W. Watson Davis. Davis is now at Columbia University, having graduated in '03. All of us take pride in the achievements of our alumni, and this outgrowth of the Historical department is worthy of great commendation.

THE HOME TEAM WON EASILY OVER THE MONTGOMERY MEN

(By W. H. Foy.)

The Montgomery boys arrived at 3:30 and were shown to their quarters. After a few minutes rest they donned their uniforms and went to the "Gym" in order to get familiar with the court. Among the few who accompanied the team was Will "Pat," one of Auburn's most loyal alumni. The two teams appeared ready for battle at 7:45, and after the usual preliminaries the game was begun.

Game in detail:

Line Up.

Auburn—Ware, lf; Woodruff, rf; Jones (Capt.), c; Lacey, lg; Hall, Gibson and Whitaker, rg.

Montgomery—Tisdale, lf; Davis, rg; Locke (Capt.), c; Jessel, lg; Hood and Davidson, rg.

Summary—Field goals: Ware 8, Jones 6, Woodruff 1, Tisdale 7, Davis 1. Goals from fouls: Locke 2, Gibson 2. Fouls: Ware 3, Woodruff 1, Hall 1, Gibson 1, Hood 4, Davidson 1.

Officials—Referee, Donahue, Umpire, Will Paterson; Timekeepers, Guerry and McEniry; Scorer, Foy. Time of halves, 20 minutes.

The captains held a consultation and Captain Locke, of Montgomery, chooses to defend the north goal. The game starts promptly at 8:06, and after several mixups a foul is called on Hood, but Jones misses the goal. Hall fouls Tisdale and Locke falls at goal. Tisdale, Montgomery's fast forward, starts the scoring by making a difficult field goal. Seemingly to cinch the game at the start Davis scores the second field goal. Tisdale fouls Hall, but Jones misses goal. At this point of the game Ware "gets busy" and makes two field goals in quick succession, the second being a "beauty." Tisdale, not to be out done by Ware, makes another field goal. Ware fouls Hood and Locke falls at goal. Jones makes field goal, Hood fouls, Ware and Jones misses goal. Jones makes beautiful field goal. Tisdale makes a long and pretty field goal, being among the longest of the game. Ware makes field goal, Ware fouls, Hood and Locke throws the goal. Here the first half closes with the score 10 to 9 in Auburn's favor. The team work of the Montgomery team was good, and they, if either, probably had a shade the best of the contest in the first half; although the score doesn't show it.

Second Half.

After a ten minutes intermission the teams return to the court and the second half begins at 8:30, with no changes in Montgomery's line up, and with Gibson at Hall's place at right guard. Tisdale also starts the scoring in this half with a pretty field goal. Jones made a sensational field goal, Hood fouls Gibson and Gibson misses goal. Hood has his finger

hurt and is replaced by Davidson, who makes a foul, and Gibson throws goal. Tisdale makes field goal; Gibson fouls Tisdale and Locke misses goal. Gibson is hurt, but manages to continue the game for a short while. Davidson fouls Ware and Gibson throws goal. Woodruff fouls Jessel and Locke misses goal. Ware makes field goal and then repeats with another. Jessel fouls Woodruff and Gibson misses goal. Woodruff makes field goal and Tisdale follows suit. Ware makes sensational field goal, Jones makes field goal, Tisdale makes field goal. The playing is faster at this point than at any part of the game. Whitaker takes Gibson's place. Ware makes field goal, Jones makes field goal; Ware makes field goal; Jones makes field goal, and Ware fouls Davidson, Locke throwing the goal. The playing in the second half was naster than in the first. Score

score shows who was the star playing. Capt. Locke played fine ball, although Jones made a good many goals over him, he always pushed his man and whenever a goal was made over him it was well earned. Lacey played his usual consistent game at guard, as well as did the rest of the fellows.

The Montgomery boys are a gentleman set of fellows and we always take pleasure in making gentlemen enjoy themselves. Luck to you Montgomery.

GEN. ELECTRIC CO.

"Red" Jones, '04, Writes Entertainingly of the Testing Department.

We publish below an article by "Red" Jones, '04, who is now in Schenectady, N. Y., in the testing department of the G. E. It will be of benefit to the "Elec" fellows and of interest to all.

Testing Department, General Electric Company.

Schenectady, N. Y., Jan. 28, 1906.

I will not attempt to write a complete description of the G. E. Test, but will try to give you a few facts which will be of assistance to any of the boys who intend beginning their electric career in the testing department of the Gen. Elec. Co., and to be frank, I will say that any man who expects to follow the electric profession should by all means direct his efforts as soon as possible after graduation to getting in the Test here.

Very few of us have much practical conception of electricity when we leave college and from the experience which I have had with men from the

Mid-terms are past, and we will have a short breathing spell, but don't forget that a harder task is before us; "be ye ready."

Look out for that minstrel by local talent about Feb. 17. Besides local talents galore there will be local hits galore.

"Billy" Branon, '04, is achieving fame in Mexico City as a journalist. We have heard of one of his short stories that rank with the best.

The new plan for holding mid-term exams. is an improvement on the old, but we believe and hope the day will come when there are no mid-terms.

The proposition to change the form of our publication to a magazine meets with some favor, and we hope that ere long the "Orange and Blue" Monthly will make its appearance.

Our basket ball team is fast winning back the reputation lost by our football team last fall. The team in its first real varsity year is winning laurels, and if the interest continues as intense as heretofore, it will soon take the place of football and base ball.

The Seniors have met defeat at the hands of the unsophisticated "Freshies," and now they seem in a fair way to make somebody breathe hard for the championship. The game between the Juniors and Sophomores will take place next Saturday, and the winner will meet the Freshmen pionship.

U. of A. propose to enlarge and improve that institution to the extent that it will be the equal of any in the South, and to that end have already set architects to work preparing plans and specifications for several additional buildings, which will accomodate 1,000 students. The University grounds will be extended to the Warrior river, with suftable walks, darinage, etc.

This a great and laudable undertaking and if the plans and specifications materialize it will be a great thing for Alabama, and the time seems opportune for such a work.

Every one who has been in Auburn in the spring knows how beautiful our campus can be made, and every Auburn man takes pride in its appearance. It is almost time for the grass to become green and the leaves to shoot out, the bare places to be covered and the walks to be trimmed, but there is one thing that will destroy its beauty, and that is the making of unsightly paths across the grass plots and on the edges near the walks. We have an abundance of wide walks as conveniently situated as possible in order not to absolutely destroy the symmetry of the whole, and if we will use these, instead of tramping over the grass, each of us can feel that we have contributed something towards beautifying the campus.

Commencement will be coming with a great number of visitors, for we are to have a great commencement this year, and the general appearance of our college surroundings will be the subject of general remarks; how lets make these remarks of praise and commendation, and for our part let's each of us "keep off the grass."

MR. WEATHERFORD'S VISIT.

The Y. M. C. A. enjoyed a visit Saturday and Sunday, January 28, 29, from Mr. W. D. Weatherford. Mr. Weatherford is general secretary of the student department of the Y. M. C. A. of the South. His territory covers about 14 states. He has held this position for several years, during which time he has come in contact with many hundreds of college boys. He is thoroughly informed on his work and knows every channel by which a college boy can be reached. His address Saturday night on the "Glory of a Clean Record" was such a one that every man in college should have heard. He urged that a young man should not be a supporter of the idea that it is necessary for him "to go all the gifts" in order to make the greatest success in life, but that the real and truest success comes to that man who can claim for himself a clean, unbroken record, in other words to make for himself a history of which he would not be ashamed, indeed, such a history is one of the durable satisfactions of life.

Boys just a word about the Y. M. C. A. This is a college organization, and it is for college men. It is no little thing to be a Y. M. C. A. man, for it is one of the largest organizations of the world, and a tremendous power for the promotion of the noble, true and good.

To be a Y. M. C. A. man does not mean that you can not be a good football man; it does not mean that you can not be a leading and popular student in college; it does not mean that you not take a lead in society, but the Y. M. C. A. will attend to that. You will attend to make yourself an embodiment of the principles that it stands for, that you will some day be a man four strong.

Guerry & Pool—Have received their Spring line of Ed V. Price & Co.'s samples. Be sure and see them before ordering your Spring suit. Can order suit at any time.

THE LYCEUM COURSE.

The next entertainment in the Lyceum course will be a concert by the Bostonia Sextette Club, on the evening of February 15, in Langdon Hall. This organization comes well recommended by the best critics, and promises to be the best of the several high class entertainments in the course.

Following this, the next number in the course will be Laurant, the magician and illusionist, on the evening of February 19.

This gentleman of the magic art almost rivals Herman the Great, and surely all will see him do his tricks, among which will be the great illusion, "The Witch of the Flame," the most mysterious of the mysterious.

Don't forget the dates.

Guerry & Pool—Have received their Spring line of Ed V. Price & Co.'s samples. Be sure and see them before ordering your Spring suit. Can order suit at any time.

The most marvelous wonder of the age, the four midgets in the class of '04: "Yanky," "C. Saint," "Glen King," and "Barry."

Don't ask Hank what a hot cockle means, when Hank is the master of a beautiful cockle-baiting letter.

If you are in need of anything in Clothing, Hats, Gent's Furnishings, Carpets, Blankets, Curtains or Quilts, call on the old reliable

KAHN & BLUMENFELD, Opelika, Ala.

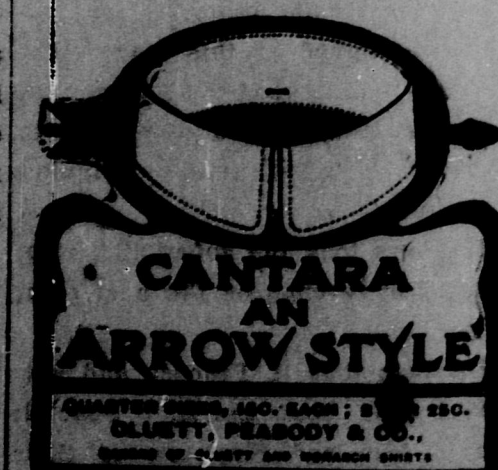

Read the advertisements in The Orange and Blue, and then patronize the advertisers. They will be sure to treat you right. Give them a trial.

You Will Find Us

Located in the old Pebble Building at our old trade, Cleaning, Pressing and Dyeing Clothes. We have a machine to make your alterations. Were-block hats. We are also buying second-hand clothes and shoes at moderate prices.

JOHN G. FRAZER & CROXIE.

Mary had a little lamb
So playful and so callow;
But when the heat reached 92
It turned to mutton tallow.—Ex.

A Freshman upon being asked if he intended joining his German Club indignantly replied. "Of course not, I have as much as I can do now without taking up German." (We apologize for repeating this ancient chestnut for we are perfectly aware that it has been used before, but this actually happened on the campus one afternoon last week. This simply illustrates that in spite of their own opinion of themselves all the Freshmen haven't become Solomons yet.—Ed.)

Note the members of the staff of the Orange and Blue at the head of the editorial column and when you have something worth printing turn it over to the man in charge of the department it refers to.

PHOOLISH PHUN.

Mr. J. Poyner wishes us to state that the assertion made in our last issue that he was asleep, is a mistake. He only had his eyes closed.

CLASS FOOTBALL.

(Continued from page 1.)

us square and fair by simply playing all around better football than we did. And then, we did our best and no one could hardly expect anything more of our plucky team. So let's have the proper spirit and not feel "hacked" one bit. Both teams fought hard for what they tried to accomplish and in this respect can be called a real good game. The most marked feature of the game was the clean and sportsmanlike game that all the players on both teams played.

As to individual play, Harris, B. E., was the most consistent ground gainer of the day, also Davis, G. C., Wilson, and McEldery played a star game for the Freshmen; while Capt. McEldery, Davis, E. P., and Lewallen were the stars for the Seniors. If the Freshmen continue to practice and work hard, they should have a peep when the question of championship comes to a head.

The game in detail is as follows:

SENIORS.	Position.	FRESHMEN
Peterson	R. E.	Naylor
Beck	R. T.	Davis, J. G.
Geibel	R. G.	Everett
Richardson	C.	Smith J.
Logue	L. F. ..	Harris G. L.,
		Herron
Lewallen	L. T.	Gauntt
Spain	L. G.	Moon
Hood	Q. B. ..	McEldery, G. I.
Davis, E. P. ..	L. H. B. ..	Davis, G. C.
Allison	F. B.	Wilson
McEldery, H. F. R. H. B. Harris, B. E.		
Capt.	Capt.	

Officials: Referee, Donahue. Umpire, Hill, W. Timekeepers, Guerry and Denson. Headlinesman, Hill, A. Time of halves 20 and 15 minutes. Touch downs, Davis, J. G., Gauntt and Harris, B. E. Goals from touch downs, Harris, B. E., 3.

Captain McEldery and Harris meet in the centre of the gridiron and agree to play halves of twenty and fifteen minutes. The coin is then tossed, Capt. Harris winning, and choosing to defend the east goal receives the ball. The Freshmen have the rind in their favor. At 3:15 Capt. McEldery kicks off 30 ards to Harris who returns it 10 yards. Wilson finds a stone wall on his first try but on his second gets 6 yard. Davis, G. C., hits the line for

Hollingsworth, Schnessler & Norman.

SUPPLYING A HAMBURG CLOTHES. HANAN SNEER. VOJNO'S HATS.

Second Half.

The teams change goals and the Seniors receive the ball at the eastern goal. Harris kicks off 25 yards to "Big Red" who is tackled 'n his tracks by "Little Red." Davis gets seven yards, and repeats for eight yards. Allison fails to gain. McEldery gets one yard and then punts 45 yards to Harris who returns 20 yards. Davis fails to gain around Logue. Harris gains one yard and then punts 30 yards who fumbles, Gauntt, of the Freshmen falling on the ball. Davis fails to gain around Logue. Harris goes 15 yards around end. Davis gets 15 yards around end being tackled in neat shape by Capt. McEldery. Davis, J. G., fails to gain. Harris three yards, Davis five yards and Gauntt breaks through for ten yards and a touch down. Harris kicks goal. Score, Seniors 0. Freshmen 12.

McEldery chooses to receive the ball and Harris boots the skin 30 yards to Beck who returns four yards. McEldery gets one yard. Herron is substituted at end in Harris' place. Gauntt blocks McEldery's punt but Davis, E. P., falls on the ball. Davis gets one yard and McEldery makes first touch down. Davis gets two yards and Allison makes first down. McEldery gets 10 yards and Allison one. Davis fails to gain over Davis. McEldery punts but it is nearly blocked and it goes directly over the heads of both teams. Freshman ball. Davis fails to gain. Harris goes around the end for a touch down running among the students who had gathered on the inside of the side lines. Harris kicks an easy goal. Score, Seniors 0. Freshmen 18.

Harris kicks off to Beck, but a Freshman is off side and the ball has to be kicked over again. This time Harris kicks 35 yards to McEldery who runs it back five yards. McEldery fumbles but Hood recovers ball. Davis gains seven yards but time is up and the game is called.

We are glad to note the lack of off side plays and penalties.

us square and fair by simply playing all around better football than we did. And then, we did our best and no one could hardly expect anything more of our plucky team. So let's have the proper spirit and not feel "hacked" one bit. Both teams fought hard for what they tried to accomplish and in this respect can be called a real good game. The most marked feature of the game was the clean and sportsmanlike game that all the players on both teams played.

As to individual play, Harris, B. E., was the most consistent ground gainer of the day, also Davis, G. C., Wilson, and McEldery played a star game for the Freshmen; while Capt. McEldery, Davis, E. P., and Lewallen were the stars for the Seniors. If the Freshmen continue to practice and work hard, they should have a peep when the question of championship comes to a head.

The game in detail is as follows:

SENIORS	Position.	FRESHMEN
Peterson	R. E.	Naylor
Beck	R. T.	Davis, J. G.
Geibel	R. G.	Everett
Richardson	C.	Smith J.
Logue	L. F.	Harris G. L.,
		Herron
Lewallen	L. T.	Gauntt
Spain	L. G.	Moon
Hood	Q. B.	McEldery, G. I.
Davis, E. P. ...	L. H. B. ...	Davis, G. C
Allison	F. B.	Wilson
McEldery, H. F.	R. H. B.	Harris, B. E.
Capt.		Capt.

Officials: Referee, Donahue. Umpire, Hill, W. Timekeepers, Guerry and Denson. Headlinesman, Hill, A. Time of halves 20 and 15 minutes. Touch downs, Davis, J. G., Gauntt and Harris, B. E. Goals from touch downs, Harris, B. E., 3.

Captain McEldery and Harris meet in the centre of the gridiron and agree to play halves of twenty and fifteen minutes. The coin is then tossed, Capt. Harris winning, and choosing to defend the east goal receives the ball. The Freshmen have the rind in their favor. At 3:15 Capt. McEldery kicks off 30 ards to Harris who returns it 10 yards. Wilson finds a stone wall on his first try but on his second gets 6 yards, Davis, G. C., hits the line for

2 yards and Harris, B. E., makes it first down. Wilson goes through centre for 1 1-2 yards and repeats same for 2 yards more. Harris gains 1 yard on cross buck, but fails to make the required 5 yards so the ball goes over on downs. McEldery gets 1 yard on cross buck and Beck goes straight ahead for 2 1-2 yards. Davis, E. P., is entrusted with the ball, but fumbles and it is the Freshmen ball first down. Harris gets 10 yards around end, Davis, G. C., goes straight ahead for 2 yards, and Harris makes first down. Wilson gets 2 yards through centie, Davis, G. C., 1 yard and again he goes 8 yards. Wilson adds 1-2 yard while Capt. Harris makes a pretty run around end for 15 yards. Davis, G. C., gains 2 yards and repeats same for 1 1-2. Here the Seniors hold for downs and take the ball. McEldery cross bucks for 2 1-2 yards and then 1 1-2 yards. McEldery drops back for a punt but Davis, J. G., blocks it and falls on the ball. Wilson fails to gain. Davis, G. C., gets 2 yards, but Harris fails to make it first down and the ball goes over. This was pretty holding on Seniors part as the ball was inside of their own five yard line. McEldery gets 1-2 yard but Davis, E. P., is thrown for a loss of 1 yard and McEldery punts 15 yards to Harris, G. L., who falls on the ball. Freshman ball. Davis bucks for 1 1-2 yards and Wilson tears off 7; he repeats for 1-2 yard. Up to this time the Freshmen used regular formation plays atogether, but now Davis, J. G., is pulled back and gains 2 yards. He is again entrusted with the ball and plunges over for a touch down. Harris kicks goal. It required 17 minutes to make this touch down. Harris kicks 25 yards to McEldery who fumbles but Allison gets the ball and gains 15 yards. McEldery hits the line for 6 yards, and again for two yards. Beck makes first down. Davis fumbles and Harris, B. E., falls on ball. Freshman ball. Davis, E. P., throws to Davis, G. C., for loss of two yards. Wilson 1-2 yard. Seniors hold for downs and ball goes over. Harris, G. L., throws Davis, E. P., for two yards loss. Allison gains 10 yards over left tackle. Time is called for first half with seniors in possession of the ball about mid-field. Score, Seniors 0, Freshmen 6.

Second Half.

The teams change goals and the Seniors receive the ball at the eastern goal. Harris kicks off 25 yards to "Big Red" who is tackled 'n his tracks by "Little Red." Davis gets seven yards, and repeats for eight yards! Allison fails to gain. McEldery gets one yard and then punts 45 yards to Harris who returns 20 yards. Davis fails to gain around Logue, Harris gains one yard and then punts 30 yards who fumbles, Gauntt, of the Freshmen falling on the ball. Davis fails to gain around Logue. Harris goes 15 yards around end. Davis gets 15 yards around end being tackled in neat shape by Capt. McEldery. Davis, J. G., fails to gain. Harris three yards, Davis five yards and Gauntt breaks through for ten yards and a touch down. Harris kicks goal. Score, Seniors 0. Freshmen 12.

McEldery chooses to receive the ball and Harris boots the skin 30 yards to Beck who returns four yards. McEldery gets one yard. Herron is substituted at end in Harris' place. Gauntt blocks McEldery's punt but Davis, E. P., falls on the ball. Davis gets one yard and McEldery makes first touch down. Davis gets two yards and Allison makes first down. McEldery gets 10 yards and Allison one. Davis fails to gain over Davis. McEldery punts but it is nearly blocked and it goes directly over the heads of both teams. Freshman ball. Davis fails to gain. Harris goes around the end for a touch down running among the students who had gathered on the inside of the side lines. Harris kicks an easy goal. Score, Seniors 0. Freshmen 18.

Harris kicks off to Beck, but a Freshman is off the line and the ball has to be kicked over again. This time Harris kicks 35 yards to McEldery who runs it back five yards. McEldery fumbles but Hood recovers ball. Davis gains seven yards but time is up and the game is called. We are glad to note the lack of off side plays and penalties.

LOCAL DEPARTMENT.

H. M. AVERYT, Editor.
Mat Sloan, '01 was in town last week.
E. W. Averyt, of Ensley, visited his mother last Sunday.
Ask "Kid" McEniry about the "jolly spring balance."
Cadets Knox, Golden and Converse are good sprinters.
M. C. Baldridge, '00 was here last week with Prof. Ransom.
S. G. Forbes, '00 visited his brother, L. B. Forbes, last week.
Matt Sloan, '01, came over from Birmingham last week.
Miss Pauline Coart is visiting her cousin, Miss Annie Laurie Dillard.
Bat Spain—the hero of the Freshman-Senior football game.
Miss Annie Dowdell, of Montgomery, is visiting her aunt, Mrs. Dowdell, at Dovedale.

Mr. Spratling, of Gold Hill, addressed the Y. M. C. A., Sunday afternoon. Mr. Spratling is an old Auburn man and his talk was appreciated by the large number of boys present.

Presiding Elder Holt preached an excellent sermon at the Methodist Church on the morning of Feb. 4th. Text, Luke 14:28-30. He besought his hearers to cultivate higher ideals of living, in other words to lay deep and strong the foundations of character that the completion of life might show a tower of strength. He used many apt illustrations and his whole presentation of the matter was characterized by a fervid sincerity.

Mrs. Rutledge, the patron saint of the party-lovers in Auburn, permitted the young people to assemble at her hospitable home on Monday evening, January 29. The entertainment was given in honor of two of the young ladies who propose making extended visits to friends and relatives at a distance. Delightful refreshments were served and merry games played. Being a school night when tomorrow's tasks are as specters at the feast, the gathering dispersed at the early hour of eleven, saying: "Well, we have had a lovely time anyway, if we do four out in the morning."

Guerry & Pool—Have received their Spring line of Ed V. Price & Co.'s samples. Be sure and see them before ordering your Spring suit. Can order suit at any time.

Football on skates has been played with success up at Minneapolis. There is no tackling, tagging being sufficient, and no line bucking, end runs being the only thing allowed.—Ex.

Guerry & Pool—Have received their Spring line of Ed V. Price & Co.'s samples. Be sure and see them before ordering your Spring suit. Can order suit at any time.

Rose a clamor from the woodshed, Rushed the frantic mother there, Came a father forth explaining, I have merely fanned the hair.—Ex.

Guerry & Pool—Have received their Spring line of Ed V. Price & Co.'s samples. Be sure and see them before ordering your Spring suit. Can order suit at any time.

GEN. ELECTRIC CO.
(Continued from page one.)

best colleges in the States, I dare say that twenty-five per cent. of them cannot connect up and operate a simple short motor with the ease that they should, this is to say nothing of the more complicated apparatus which a fellow is apt to brush up against at any time. I don't mean this as a criticism or reflection on the college man, because from a standpoint of experience all of us begin all over again when we leave college. Now this is the place for learning those things. You become familiar with and have to operate every conceivable type of machine that is of any practical use.

To give you an idea of the amount of work which goes through the Test in 24 hours, I will quote these figures. On January 25th there were tested 70 induction motors, 30 series motors, 25 stunt motors and generators, 24 compound generators, 11 transformers, 10 revolving field alternators, 5 direct connected steam turbines. Two of the turbines were of 5,000 K. W. capacity. This makes a total of 184 machines, including 6 rotary converters and 4 synchronous motors which were omitted above. There being about 400 men in the entire Test, this goes on an average from 2 to 3 men to each machine, enabling every man to become familiar with the operation and connections of the machine he is working with.

Altogether there are ten separate and distinct tests in this department and a man is required to spend from two to three months on each one. When a man first goes on any one of the tests he has to "hunyack," that is, "funky," as you will probably construe it, and this consists of pulling water boxes and holding speed, usually continuing for three or four weeks, then you go up to the table and assist in reading instruments connected with the test of your machine; and finally you are given charge of a machine to conduct the test on it. Of course this final stunt is where you learn the most, in other words you get about one month's excellent work on each test.

Probably some of you have the same idea of the "Test" as a fellow I heard several days ago. He said that he expected to see things fixed up in style, instrument tables adorned with plush, carpets on the floor, a comfortable chair to sit in, and that he would have to handle the instruments with kid gloves. Of course he expected to wear good clothes and a standing collar. However, there are no carpets on the cast iron floor, nor does he wear good clothes and standing collars. A collar wouldn't stand alone after working twelve hours on a turbine with the surrounding air about 80 C. You are so dirty when you come from work every day that it makes we Southern boys homesick to peep at the mirror, so close is our resemblance to a Jim Crow—there being very few of those birds in this region. It is no cinch by any means, and we have to go to work so early in the morning that we meet ourselves coming home every night.

It is an education in itself to go over the Gen. Elec. works. There are something like 15,000 men employed here, and the weekly pay roll of these employees, not including other men, is \$175,000.00. There are 500 buildings having an aggregate floor space of

Alabama Polytechnic Institute,
Courses of Instruction: The courses of instruction include the Physical, Chemical and Natural sciences, and with their applications; Agriculture, Mechanics, Astronomy, Mathematics, Civil and Electrical Engineering, Mining Engineering, Drawing, English, French, German and Latin Languages, History, Political Economy, Mental Science, Physiology, Veterinary Science and Pharmacy.
Laboratory Instruction: Laboratory instruction and practical work are given in the following departments: I, Chemistry; II, Engineering, Field Work, Surveying, etc.; III, Agriculture; IV, Botany; V, Mineralogy; VI, Biology; VII Technical Drawing; VIII, Mechanic Arts; IX, Physics; X, Electrical Engineering; XI, Veterinary Science; XII, Mechanical Engineering; XIII, Pharmacy; XIV, Mining Engineering; XV, Horticulture.
Attendance: The attendance last year was 515, representing twelve States and two foreign countries; 54 counties of Alabama being represented.
Location: The College is located in the town of Auburn, sixty miles east of Montgomery, on the line of the Western Railroad.
Boarding: The College has no barracks or dormitories, and the students board with families of the town of Auburn, and thus enjoy all the protecting and beneficial influences of the family circle.
Expenses: There is no charge for tuition for residents of Alabama. Incidental fee per half session, \$2.50; Library fee per half session, \$1.00; surgeon's fee per half session, \$2.50; laboratory fees in junior and senior years, \$5.00 per session; board per month, \$12.00 to \$15.00. At houses rented by the College, board can be secured at \$9.50 per month. These fees payable on matriculation.
CHAS. C. THACH, A. M., LL. D.,
President.

about 53 acres. The power house supplying power for the works is one of the largest steam power plants in the land, having a full load capacity of something like 30,000 H. P., and besides this they use power from a nearby water power plant.
We have quite a bunch of Auburn boys in the Test here at present, there being H. E. Park, "Franklin," "M. L. Brown, "Doc," "E. C. Howard, "Hag," "E. L. W. Hester, "Mr. Prince, "B. W. H. Hester, "Hag," "H. E. Dancy, "Hag," "L. Alston, "Honey," "A. G. Jones, "Hag," "Hag," and R. H. Witherspoon. "Hag" is expected from the Lynn. Mass. works soon.
If I can be of any assistance to any of you in the way of answering questions concerning the Test, I will be glad to do so.
Wishing Old Auburn a most successful year, I will close.
Sincerely yours,
A. C. THACH, LL. D.

LOCAL DEPARTMENT.

H. M. AVERYT, Editor.

Mat Sloan, '01 was in town last week.

E. W. Averyt, of Ensley, visited his mother last Sunday.

Ask "Kid" McEniry about the "jolly spring balance."

Cadets Knox, Golden and Converse are good sprinters.

M. C. Baldrige, '00 was here last week with Prof. Ransom.

S. G. Forbes, '00 visited his brother, L. B. Forbes, last week.

Matt Sloan, '01, came over from Birmingham last week.

Miss Pauline Coart is visiting her cousin, Miss Annie Laurie Dillard.

Bat Spain—the hero of the Freshman-Senior football game.

Miss Annie Dowdell, of Montgomery, is visiting her aunt, Mrs. Dowdell, at Dovedale.

Mr. Spratling, of Gold Hill, addressed the Y. M. C. A., Sunday afternoon. Mr. Spratling is an old Auburn man and his talk was appreciated by the large number of boys present.

Presiding Elder Holt preached an excellent sermon at the Methodist Church on the morning of Feb. 4th. Text, Luke 14:28-30. He besought his hearers to cultivate higher ideals of living, in other words to lay deep and strong the foundations of character that the completion of life might show a tower of strength. He used many apt illustrations and his whole presentation of the matter was characterized by a fervid sincerity.

Mrs. Rutledge, the patron saint of the party-lovers in Auburn, permitted the young people to assemble at her hospitable home on Monday evening, January 29. The entertainment was given in honor of two of the young ladies who propose making extended visits to friends and relatives at a distance. Delightful refreshments were served and merry games played. Being a school night when tomorrow's tasks are as specters at the feast, the gathering dispersed at the early hour of eleven, saying: "Well, we have had a lovely time anyway, if we do four out in the morning."

Guerry & Pool—Have received their Spring line of Ed V. Price & Co.'s samples. Be sure and see them before ordering your Spring suit. Can order suit at any time.

Football on skates has been played with success up at Minneapolis. There is no tackling, tagging being sufficient, and no line bucking, end runs being the only thing allowed.—Ex.

GEN. ELECTRIC CO.

(Continued from page one.)

best colleges in the States, I dare say that twenty-five per cent. of them cannot connect up and operate a simple short motor with the ease that they should, this is to say nothing of the more complicated apparatus which a fellow is apt to brush up against at any time. I don't mean this as a criticism or reflection on the college man, because from a standpoint of experience all of us begin all over again when we leave college. Now this is the place for learning those things. You become familiar with and have to operate every conceivable type of machine that is of any practical use.

To give you an idea of the amount of work which goes through the Test in 24 hours, I will quote these figures. On January 25th there were tested 70 induction motors, 30 series motors, 25 stunt motors and generators, 24 compound generators, 11 transformers, 10 revolving field alternators, 5 direct connected steam turbines. Two of the turbines were of 5,000 K. W. capacity. This makes a total of 184 machines, including 6 rotary converters and 4 synchronous motors which were omitted above. There being about 400 men in the entire Test, this goes on an average from 2 to 3 men to each machine, enabling every man to become familiar with the operation and connections of the machine he is working with.

Altogether there are ten separate and distinct tests in this department and a man is required to spend from two to three months on each one. When a man first goes on any one of the tests he has to "hunyack," that is, "funky," as you will probably construe it, and this consists of pulling water boxes and holding speed, usually continuing for three or four weeks, then you go up to the table and assist in reading instruments connected with the test of your machine; and finally you are given charge of a machine to conduct the test on it. Of course this final stunt is where you learn the most, in other words you get about one month's excellent work on each test.

Probably some of you have the same idea of the "Test" as a fellow I heard several days ago. He said that he expected to see things fixed up in style, instrument tables adorned with plush, carpets on the floor, a comfortable chair to sit in, and that he would have to handle the instruments with kid gloves. Of course he expected to wear good clothes and a standing collar. However, there are no carpets on the cast iron floor, nor does he wear good clothes and standing collars. A collar wouldn't stand alone after working twelve hours on a turbine with the surrounding air about 80 C. You are so dirty when you come from work every day that it makes we Southern boys homesick to peep at the mirror, so close is our resemblance to a Jim Crow—there being very few of those birds in this region. It is no cinch by any means, and we have to go to work so early in the morning that we meet ourselves coming home every night.

It is an education in itself to go over the Gen. Elec. works. There are something like 15,000 men employed here, and the weekly pay roll of these employees, not including office men, is \$175,000.00. There are 163 buildings having an aggregate floor space of
